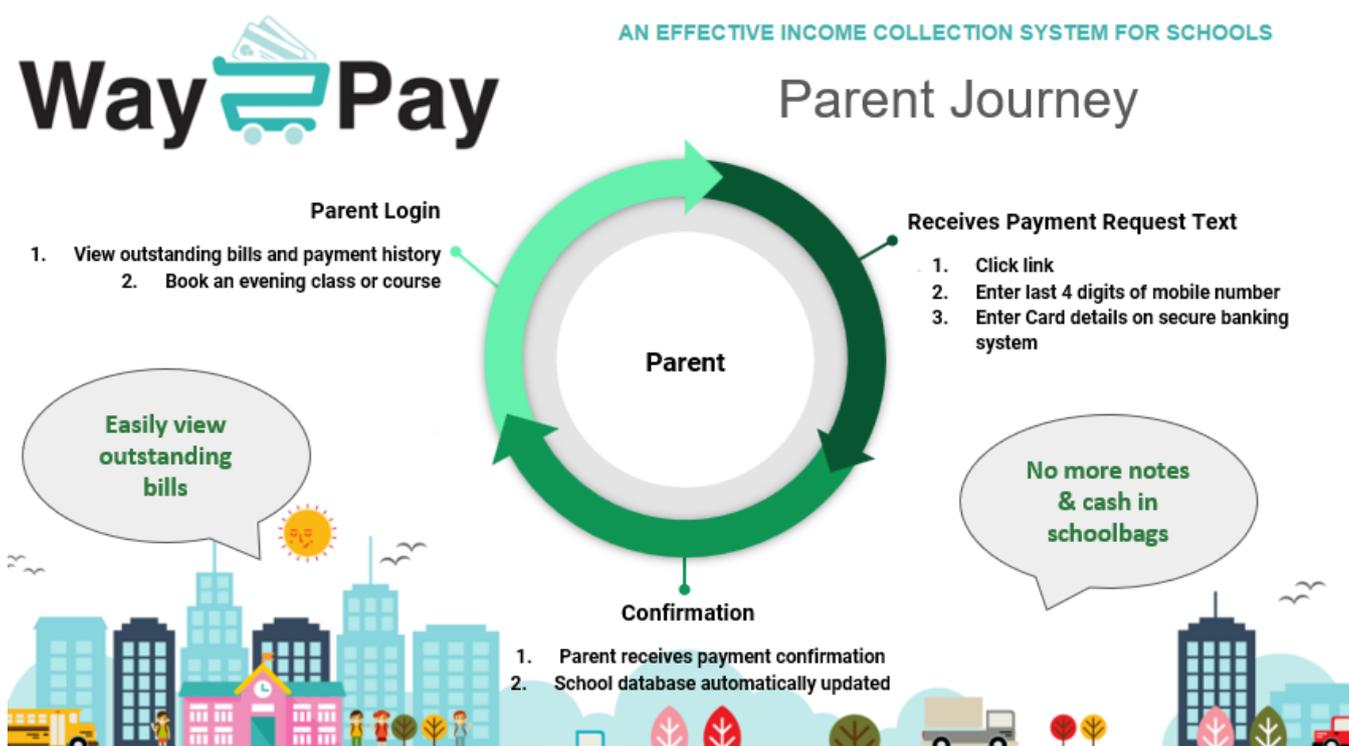

Figure 2: Way2Pay Parent Journey Overview

Way2Pay has been designed to help parents manage school payments from a planning and paying perspective. We offer ultimate convenience, enabling secure on-phone payments without passwords.

- **Paying:** most bills are paid without parents logging in. This is wonderfully convenient as you do NOT have to remember a password to access Way2Pay. You will receive an SMS/Text Message from the school requesting payment for various bills and activities. Each SMS has a unique code linking that bill request to your child.

What to expect: You receive a text from the school. Example: 'Trip to Aran, please pay €50.00 by clicking on <Link> Thank you.' You simply click on the link to view your own parent dashboard, listing any outstanding bills for you child/children.

- **Planning** as you can access the system at all times, you can pay for school fees, trips and activities at any time. You can also pay in installments over time by editing the amount you want to pay off a bill. Many schools will send out payment requests early so that parents have a good chance to budget.
- If you have more than one child in the same school, or in different schools that are on Way2Pay, you can view, select bills and pay bills for your children all at the same time.
- You can view your billing/payment history and print off a receipt for any bills paid, at any time of day. No need to request receipts from the school.
